Design A

Fitting the appliance with
lowering frame – kitchen unit carcass depth
as per combination table (X) measurements in mm

Design B

Fitting the appliance with lowering frame – kitchen unit carcass depth as per combination table measurements in mm

measurements in mm
Combination table for 90 cm telescopic hood with lowering frame

Design of the appliance in the cupboard	Appliance installation depth with lowering frame	Depth of the handle strip (X)	Overall installation depth	Kitchen unit carcass depth
Design A	301	17	318	≥ 320
	301	20	321	≥ 323
	301	32	333	≥ 335
Design B	301	32	333	≥ 335

When using recess panelling of >5 mm, the lowering frame must be supported from below. The kitchen unit carcass depth must be adjusted accordingly.
